

## Revive floors with an effective deep clean

Everyday use and the build-up of dirt and residue can leave floors looking dull, tired and lacklustre. To restore your homes floors, Bona has developed a range of professional deep cleaning products designed for a range of different surfaces.

Bring floors back to original lustre with an effective deep clean

Remove heavy dirt and grime build-up on floors

Optimal cleaning for multiple surfaces interior and exterior

Cost effective cleaning, minimal downtime

Revives floors in a few hours with no need to leave premises

## The Professionals Choice

Bona is a family-owned, sustainability driven company that supplies products for installing, restoring and maintaining premium floors. Founded in 1919, Bona was the first in the industry to offer a full system of waterborne wood floor finishing and floor care products.

Today Bona offers products for most floor surfaces including wood, tile, vinyl, resilient, rubber and laminate. The head office is in Malmö, Sweden and the company is represented globally in more than 90 countries by its subsidiaries and distributors, with over 600 employees and 5 manufacturing plants.

### Who is Bona?

- The market leader in timber floor finishes globally

## Keep floors looking great for longer

Floor surfaces exposed to everyday wear and tear start to look tired and dull. The Bona Deep Clean System removes the dirt and grime that normal cleaning can't and brings back the look and feel of a new floor to your home.

The Bona Deep Clean System delivers gentle yet extremely effective cleaning of a variety of surfaces within the home including timber, vinyl and concrete floors, as well as external decking. Bona deep clean is a commercial grade system that is ideal for residential homes to keep floors looking great for longer.

### ✓ Revive floors in a few hours

The Bona Deep Clean System is an easy and effective way of reviving floors that can be completed in just a few hours. A great option for homeowners wishing to restore their floors without costly sanding and refinishing.

### ✓ No need to leave premises

The unique deep cleaning service is done without the need to vacate the home. Furniture can be replaced immediately and the fresh, clean floor can be put back into use.

### ✓ Deep clean performance

A commercial grade deep cleaning solution that delivers true performance to revive dull and tired floors in the home. An unmatched result that regular cleaning can't deliver.

## Choose the treatment option that best suits your floor

Choose whether to Revive, Refresh or Recoat your timber floor. Your timber flooring professional will advise and help you decide on the best solution.

### Revive

The Bona Deep Clean system is the quick and cost effective way to rejuvenate your floor beyond what normal cleaning can achieve. The floor can be walked on almost immediately.

### Refresh

After Deep Cleaning, Bona Freshen Up is applied, a water-based product that takes care of micro-scratches and dull surfaces and provides a level of protection. Your floor will be ready to walk on in a few hours.

### Recoat

For the ultimate level of protection against scratches, scuffs and high level floor traffic, your floor will be Deep Cleaned and then a Bona water-based top-coat such as Traffic HD applied. Floors can be walked on the next day.

## Powerful machine, gentle treatment

The Bona Deep Clean System incorporates the Bona PowerScrubber together with Bona Cleaning Solutions to enable fast and effective deep down cleaning.

The Bona PowerScrubber machine delivers powerful performance without damaging the surface, using counter rotating brushes as it dispenses and then removes the cleaning solution to leave the floor dry and perfectly clean, with dual 10 litre tanks to separate fresh and dirty liquid. This means virtually no disruption for homeowners before the floors are ready for use again.

### Wide Range Of Surfaces

Whether on timber, vinyl or concrete floors or even on external decking, the Bona PowerScrubber and Deep Clean System removes the toughest dirt and grime with no risk to the surface. Amazing results - guaranteed.
